The Conference is hosted by the hotel ŽĎAS at Svratka

This Proceedings is dedicated to the memory and work of professor Ctirad Kratochvíl, DrSc. from Brno University of Technology, whose sudden death is a great loss to the whole engineering community of the Czech Republic. Professor Kratochvíl was the principal founder of the conference series "ENGINEERING MECHANICS" and we all owe a great deal to him.

Honorary committee:

Miroslav Šabart
František Mládek

Managing Director of the ŽĎAS, a.s.
Mayor of Svratka
